Modular + Fitted Furniture Features

There are many features in our furniture range. Use the icons to help choose the right option for you.

Guarantees
Our modular and fitted furniture come with either a five or ten year guarantee.

Soft Close Doors
Soft close doors for a smooth, quiet closing action.

Soft Close Drawers
Soft close drawers for a smooth, quiet closing action.

One Internal Shelf
One built-in shelf to keep everything in its place.

Two Internal Shelves
Two built-in shelves to keep everything in its place.

Plumbing Void
Built-in plumbing void for easy access and repairs.

Basins
Floor Standing and wall mounted basin units come with either a one or two taphole basin. Alternatively tapholes can be drilled to suit.

Reversible
These wall columns and cloakroom units are reversible for left or right hand applications.

Quick Release
Quick release fascias for easy installation and maintenance.

Alternative Hanging
Mirrors can be hung either portrait or landscape.

Blum Fittings
The soft close hinges, drawer runners and push to open fittings featured in the Azerley furniture collection are manufactured by Blum, for a better quality fitting.

Take a closer look at the fitted furniture collection

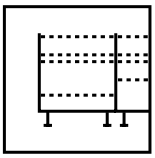

Fitted Furniture Buying Guide.

All you need to know about buying the right fitted furniture for your bathroom or en-suite space.

When choosing your fitted furniture, there are a number of factors to consider. To help you make an informed decision, follow our step-by-step guide opposite.

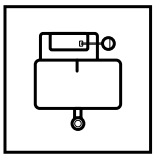

Fitted Furniture Buying Guide

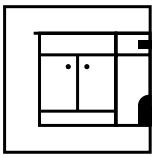

Step 1
Carcass + Panels

Your first step is to select your carcass. Consider your room size – is it for a family bathroom or smaller en-suite? Most fitted furniture runs will consist of a semi-countertop basin unit and back to wall WC unit. Panels hide the carcass at each end.

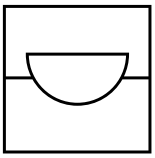

Step 2
Cistern + Flush Button

If you are installing a back to wall WC unit you will need a cistern as it provides flushing water to the pan. You will also need a flush button or flush plate.

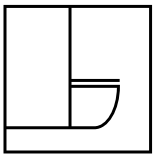

Step 3
Fascia Packs

Our fascia packs are available in three styles – Shaker, Slab or J-Pull. Semi-countertop fascia packs comprise two doors and a top fascia. Back to wall fascia packs mask the carcass and cistern and plinths mask the gap below the carcass.

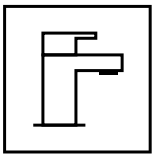

Step 4
Worktop or Integrated Basin

Choose either a worktop or integrated basin with worktop, available in slim or standard depths. Our worktops are available in a variety of lengths and finishes.

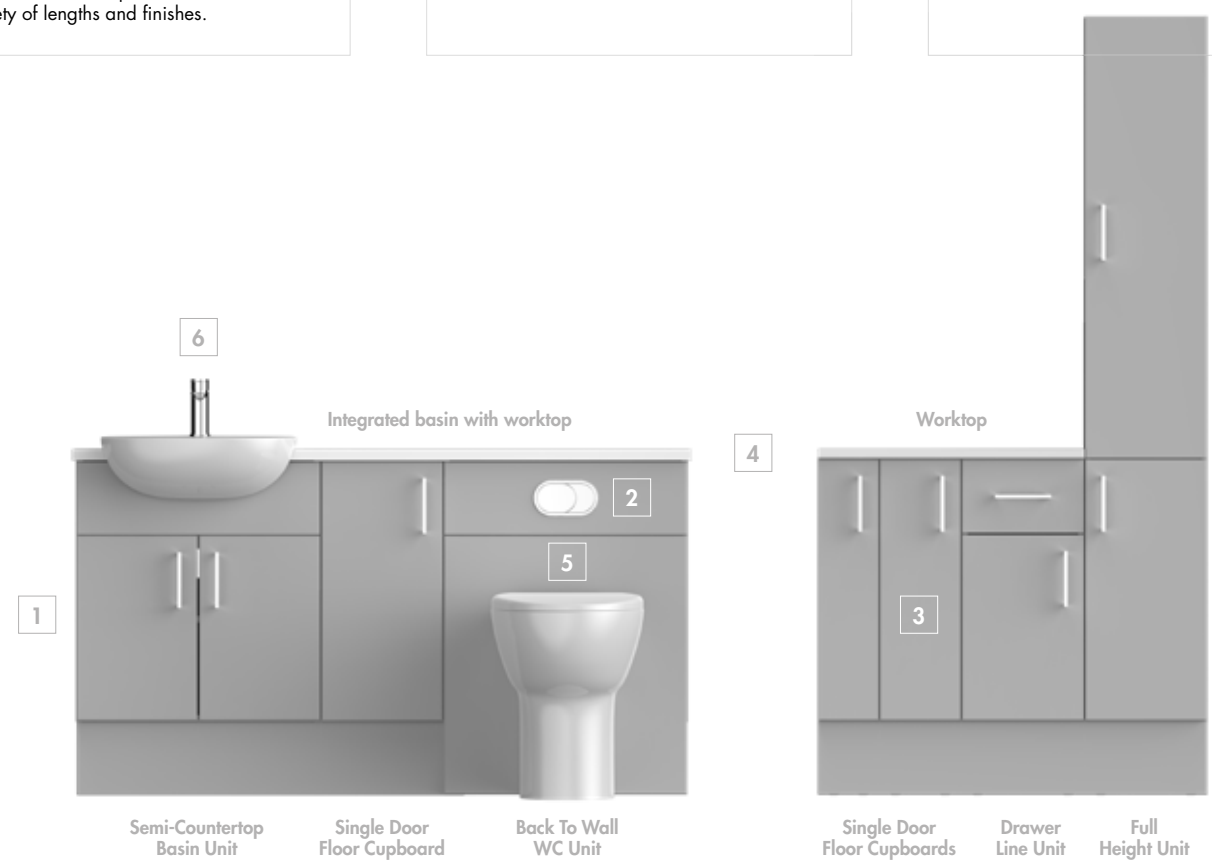

Step 5
Sanitaryware

Select from a wide variety of contemporary or traditional basins, back to wall or wall hung pans to suit your style and complement your fitted furniture selection.

Step 6
Choose Accessories

Your final step is to choose complementary handles, bathroom taps, cabinet or mirror. **So now you know how. Browse through the pages ahead and create the perfect bathroom for you.**

How to Order Your Fitted Furniture

Guarantees

5 Years on Fitted Furniture

Adding the finishing touches to your fitted furniture creates a unified look and maximises the space available in your bathroom. All units have soft close hinges and basin units feature an adjustable shelf, removable back panel for easy pipe access and a 50mm plumbing void. Floor cupboards have a reversible door for ease of access.

Choose from 3 door styles in a range of contemporary finishes, work out which mix of units works best for your space and then add all the finishing touches. It's easy to plan your new bathroom, simply follow the step-by-step guide below.

1. Door Styles + Finishes

Choose your desired door finish in either 'slab', 'shaker' or 'J-Pull' style.

Slab Style

Matt Nordic Green | Matt Midnight Grey | Matt Dark Blue | Matt Stone Grey | Matt Fossil | Gloss White

Shaker Style

Matt Nordic Green | Matt Midnight Grey | Matt Stone Grey | Matt Fossil | Matt Natural White

J-Pull Style

Matt Nordic Green | Matt Midnight Grey | Gloss White

2. Combination + Depth of Units (Pages 62-66)

Assess the space you have available in your bathroom + work out which units you need. Choose from standard depth (353mm) or space-saving slim depth (218mm) units.

Standard Depth

Slim Depth

Guarantees

5 Years on Fitted Furniture

How to Order Your Fitted Furniture

3. Handles (Page 67)

Choose your handle style from the 11 available options.

4. Worktops (Page 68)

Select a worktop from either our Strata solid surface or laminate options.

Alternatively, for a sleek contemporary look, opt for our Isocast worktops with integrated basin, available to fit both standard and slim depth units.

5. Panels + Plinths (Page 69)

Select the plinths to fit your furniture run and any panels you may need. Filler panels can be cut down and used with a worktop to fill a void in a wall-to-wall installation.

6. Sanitaryware (Pages 76-129)

Choose sanitaryware options from the wide range of semi-countertop basins and back to wall WC pans.

7. Co-ordinating Bath Panels (Page 69)

Select a co-ordinating bath panel.

8. Tap Options (Pages 208-233)

Complete your bathroom with an Instinct basin mixer.

9. Co-ordinating Cabinets (Page 70)

Select a co-ordinating cabinet.

10. Co-ordinating Mirrors (Page 71)

Select a co-ordinating mirror.

Fitted Furniture Selections

To make things easier to order we have gathered together below some very commonly used configurations of fitted furniture. These cover three furniture widths, a 1000mm, 1200mm or 1500mm run. Each configuration is available with either contemporary slab, classic Shaker-style or J-Pull Doors and with a number of finishes in each style.

Make sure you select the correct left or right hand basin option for your room layout, and pick the configuration which works best for you, in the style and colourway of your choice. Then simply order the single code which includes all the components you need.

***Note:** price does not include Keros Back to Wall WC, Seat, Concealed Cistern and Flush Button. To order separately, see pages 89-90 Keros for WC and Seat, pages 208-233 for Basin Mixer choices, page 133 for Concealed Cistern and page 136 for Flush Button.*

Slab Style – Slim

Sanitaryware Features

There are many features in our sanitaryware range. Use the icons to help choose the right option for you.

Pans + Bidets

Rimless
Rimless flushing, hygienic and easy to clean.

Comfort Height
The comfort height option sits several centimetres taller than standard WCs.

Short Projection
Space saving short projection pans, ideal for small washrooms.

Easy Install
Our WC Pillar Units are designed for easy maintenance and installation.

Contactless Controls
Infrared switch allows control with the wave of your hand.

Full Flush Volume
The total volume of water discharged from the flushing system during a flush cycle.

Dual Flush Volume
The dual flush allows you to save water while providing you with the flexibility to choose between a water saving 3 litre flush or a standard 6 litre flush.

Eco Dual Flush Volume
A more effective water saving flush volume. The dual flush allows you to choose between a water saving 2.6 litre flush or a standard 4 litre flush.

Air Gap
Provides an air space between your tank's water level and your municipal refill line to ensure that cross contamination and back-siphonage is impossible.

Right Hand Flush
Ergonomically positioned cistern handle for convenient flushing.

Touch Controls
Multi function touch control with on/off functionality.

Toilet Seats

Quick Release
Easy to operate quick release hinges allow the seat to be lifted away easily, leaving clear access to clean hard to reach surfaces.

Top Fix Hinges
Some seats feature a special 'top fix' hinge allowing them to be quickly and easily installed on modern WC pans.

Soft Close
The hydraulic hinge mechanism ensures controlled and quiet closure of the seat lid and ring.

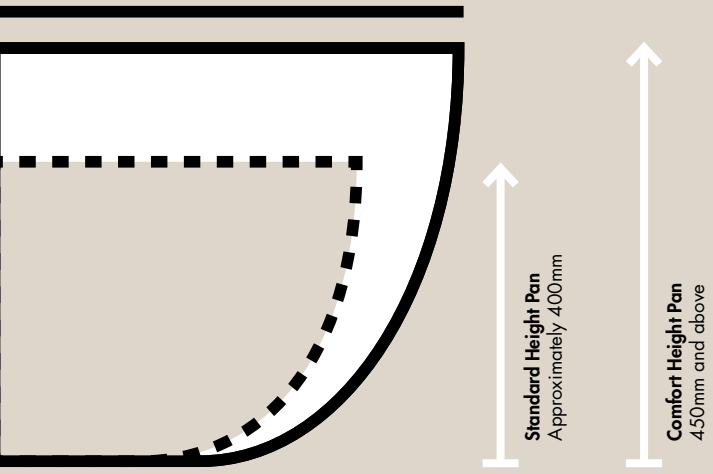

Toilet Seats
Page 128

INSTINCT®

Comfort Height Pan.
Short Projection Pan.
What's the difference?

Comfort Height Pans

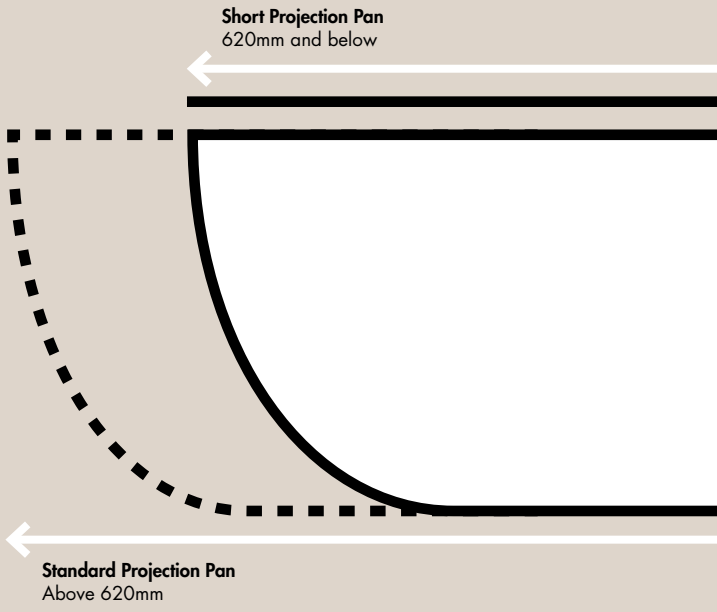

Comfort height pans are designed to ensure that the bowl and seat height is such that they make for comfortable use. Typically comfort height pans are 450mm and above (standard height pans are approximately 400mm in height) and can be particularly useful for the elderly and people with mobility issues.

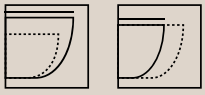

Short Projection Pans

A short projection pan means that it has a shorter depth than standard, and therefore does not protrude as far, taking up less floor space. Typical short projection pans are 620mm* and below (standard projection pans are typically above 620mm). A short projection pan is ideal for a small bathroom or cloakroom suite.

**620mm is relevant to Close Coupled suites. Below 500mm is considered short projection for Back to Wall and Wall Hung Pans.*

Please look out for the comfort height and short projection icons in the following sanitaryware pages. Alternatively, use the range selector on page 77 and discover which of our Instinct Sanitaryware have comfort height and short projection pan options.

Smart WCs

1

One Rotary Knob Control, Easy Operation

Side rotary knob control design integrates all smart functions on a minimalist knob, by rotating and pressing, it can easily achieves rear wash, lady wash and drying.

2

Quick Release Seat Cover

Quick release and installation when opening the seat cover in 90 degree, which is easy to clean.

3

Rimless Flushing

Ceramic base adopts the new rimless flushing, effectively eliminating the hygiene blind corner.

4

Instant Heating

The toilet adopts an instant heating system, which guarantees constant water temperature, maintaining warmth, with no need to wait.

Flushing Features

There are many features in our flushing range. Use the icons to help choose the right option for you.

Guarantees
All WC frames, concealed cisterns, flush plates, flush buttons and contactless flushing products come with a five year guarantee.

Back To Wall Pans
Can be used for back to wall pans.

Wall Hung Pans
Allows wall hung pans to be used.

Wall Hung Bidets
Can be used for wall hung bidets.

Air Gap
WRAS approved Air Gap inlet valve included.

Dual Flush Volume
The Dual Flush allows you to save water while providing you with the flexibility to choose between a water saving 3 litre flush or a standard 6 litre flush.

Easy Install
Our concealed cisterns and WC frames are designed for easy maintenance and installation.

Insulation
The Instinct concealed cistern jackets are fully insulated.

Low Battery Alarm
Alarm activates when batteries are running low.

Contactless Controls
Infrared switch allows control with the wave of your hand.

Cabinets + Mirrors Features

There are many features in our cabinets and mirrors range. Use the icons to help choose the right option for you.

LED Lighting
Energy efficient LEDs provide high quality bright light.

Contactless Controls
Infrared switch allows control with the wave of your hand.

Touch Controls
Multi function touch control with on/off functionality.

Heated Demister
Integrated heated demister pad for a steam-free mirror reflection.

Charging Sockets
Keep your electric shaver, toothbrush and electronic devices fully charged.

IP44 Rated
Cabinets and mirrors are protected from water spray from any direction.

Internal Shelves
Built-in shelves to keep everything in its place.

CCT Control
Transform your space with ingenious Colour Changing Technology. Invigorate your morning with bright, crisp daylight or wrap yourself in a soft, warm glow as you spend an hour relaxing in the bath. With a wide spectrum LED ranging from 2700-6000K*, you can easily shift your Instinct cabinet or mirror lighting from bright and white to warm and intimate at the simple touch or wave of the hand.

*Light temperatures ranges from 2700K (Warm White) to 6000K (Daylight White)

Baths Features

There are many features in our bath range. Use the icons to help choose the right option for you.

Guarantees
Instinct Cast and Instinct Premiercast baths come with a 25 year guarantee. Our Freestanding baths come with a five, ten or twelve year guarantee.

Water Capacity
Total number of Litres the bath can hold safely.

Glass Thickness
Instinct bath screens feature 6mm toughened safety glass. Safety glass is around five times stronger than normal glass.

Reversible
Instinct bath screens are reversible for left or right hand applications.

INSTINCT®

Why choose an Instinct Cast or Premiercast bath?

Hand finished in the UK to the most exacting of standards, Instinct Cast and Premiercast baths are durable and strong with a reassuring substantial weight, perfect for all bathrooms.

Instinct Premiercast

The ultimate premium acrylic bath

All Instinct Premiercast baths are constructed by hand. Firstly the bath is formed from high quality 5mm acrylic, then a full timber supporting frame is added to both the base of the bath and the underside of the rim. This creates a strong base to then apply by hand, 7 layers of fibreglass core matting. Between each layer a resin bonding adhesive is applied which, when dry creates a super strong encapsulated bonded core. Finally the bath is coated with a mix of resin and blue paint, which provides a smooth and superstrength final bonded surface.

1. 5mm colour match reinforced acrylic panels
2. Timber frame fully encapsulated with 7 layers of resin bonded fibreglass
3. Blue stoplight resin paint
4. Base board fully encapsulated with 7 layers of resin bonded fibreglass
5. 5mm acrylic encapsulated with 7 layers of resin bonded fibreglass

Instinct Cast

Reinforced acrylic bath

All Instinct Cast baths are constructed by both hand and Automated processes, for efficiency and speed. The first process is to form the bath from high quality 5mm acrylic, then a full timber supporting frame is added to both the base of the bath and the underside of the rim. This creates a strong base for a Fibreglass sprayed layer to be applied, encapsulating the timber frame creating a durable and strong bath. Finally the bath is coated with a mix of resin and grey paint, which provides a smooth and strong final bonded surface.

1. 5mm colour match reinforced acrylic panels
2. Timber frame fully encapsulated in spun resin for rigidity + strength
3. Grey stoplight resin paint
4. Base board fully encapsulated in spun resin
5. 5mm acrylic with reinforced spun resin

Bath Screen Features

There are many features in our bath screen range. Use the icons to help choose the right option for you.

Lifetime Guarantees
Our Instinct 6 and 8 bath screens all come with a lifetime guarantee.

Glass Thickness
All our bath screens feature toughened safety glass. Safety glass is around five times stronger than normal glass.

Reversible
The bath screen is reversible for left or right hand applications.

Rotates Through 180°
All or part of the bath screen rotates through 180° for easier access.

Easy Clean Glass
Designed and manufactured to present easy cleaning ability to ensure your bath screen lasts for many years.

Bathroom Taps + Accessories Features

There are many features in our bathroom taps and accessories range. Use the icons to help choose the right option for you.

Ten Year Guarantee
All bathroom taps come with a ten year guarantee.

System Pressure
Recommended minimum system pressure.
Low pressure at 0.1 Bar, Medium pressure at 0.5 Bar, High pressure at 1.0+ Bar.

Minimum Operating Pressure
Suitable for a system with low water pressure.

Maximum Operating Pressure
Suitable for a system with high water pressure.

Flow Straightener
Supplied with flow straightener outlet option.

Flow Aerator
Supplied with water saving aerator outlet. The device controls the amount of water that flows through the tap as it mixes water with air.

Eco Aerator
Further limits the flow of water and reduces consumption. The dual core aerators limit maximum flow to 5 l/min for bathroom products whilst comfort of usage remains the same.

Single Flow
This single tap style mixes hot and cold water in the body of the tap.

Flexible Hose
Supplied with flexible hose for easy installation

Cold Open
The cold open cartridge system ensures mixer opens with cold water only avoiding the unnecessary use of hot water to deliver energy savings.

Shower Kit
Bath shower mixer supplied with a handy separate side shower.

Backnut
Supplied with either a brass or plastic backnut.

Waste
Supplied with either a click or pop up waste.

Flow Rate
Flow rate shown is based on testing conducted against published pressure using the following criteria.
LP at 0.2 bar. MP at 0.5 bar. HP at 3 bar.

Kitchen Taps Features

There are many features in our kitchen taps. Use the icons to help choose the right option for you.

10

Ten Year Guarantee
All kitchen taps come with a ten year guarantee.

LP **MP** **HP**

System Pressure
Recommended minimum system pressure.
Low Pressure at 0.1 Bar, Medium Pressure at 0.1 Bar, High Pressure at 1.0+ Bar.

Min 0.1 Bar

Minimum Operating Pressure
Suitable for a system with low water pressure.

Max 6 Bar

Maximum Operating Pressure
Suitable for a system with high water pressure.

Single Flow
This single tap style mixes hot and cold water in the body of the tap.

Flow Straightener
Supplied with flow straightener outlet option.

Flow Aerator
Supplied with water saving aerator outlet.

Eco Aerator
Further limits the flow of water and reduces consumption.

Pull Out Spout
Pull out spouts feature a spray head that can be pulled directly out of the tap body.

Flexible Hose
Supplied with flexible hose for easy installation.

Flow Rate – X.X l/min

Flow Rate
Flow rate shown is based on testing conducted against published pressure using the following criteria.
LP at 0.2 bar. MP at 0.5 bar. HP at 3 bar.

Fast Fix

Fast Fix
For a quick and easy installation that allows assembly by hand, without any tools.

Cold Open
The cold open cartridge system ensures mixer opens with cold water only avoiding the unnecessary use of hot water to deliver energy savings.

Shower Features

There are many features in our showers. Use the icons to help choose the right option for you.

Minimum Operating Pressure
Suitable for a system with low water pressure.

Maximum Operating Pressure
Suitable for a system with high water pressure.

Fast Fix
For a quick and easy installation.

Single Outlets
These shower valves supply water to just a single outlet such as a fixed shower head or hand shower.

Twin Outlets
Come with two separate heads, allowing you to enjoy the most relaxing shower possible.

Anti Scald
Thermostatic valve regulates water temperature to prevent scalding hot water if someone else is using water in the home.

Cool Touch
Featuring safe touch valve bodies and anti-scald thermostatic technology.

Slide Rail Kit
Consist of a shower head, a shower hose and a rail on which the shower head slides up and down.

Telescopic Rail Kit
Consist of a shower head, and a rigid riser rail on which the shower heads moves up and down.

Single Function Handset
A single spray function is available on this shower head.

Multiple Function Handset
Multiple spray settings are controlled individually on these shower heads.

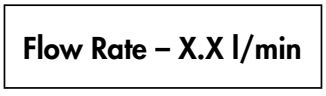

Rub Clean Nozzles
Shower heads with rubber rub clean nozzles. Rub the nozzles with your finger or a toothbrush to loosen any deposits.

Hose Type
Instinct shower hoses are available in three flexible finishes. Reinforced Stainless Steel and Smooth. Replacement washers included.

System Pressure
Recommended minimum system pressure.
Low pressure at 0.1 Bar, Medium pressure at 0.5 Bar, High pressure at 1.0+ Bar.

Flow Rate
Flow rate shown is based on testing conducted against published pressure using the following criteria.
LP at 0.2 bar. MP at 0.5 bar. HP at 3 bar.

Ultimate build quality ‘behind the tiles’

Scan to watch the Elements wetroom feature video

Build your bathroom + wetroom in 3 simple steps

We’ve made it as simple as possible to achieve your perfect wetroom.

With a comprehensive range of shower trays and complementary shower screens plus a selection of tile backer boards for wall and floor, you can create an aspirational space that combines cutting-edge design with industry-leading waterproofing properties.

After Tiling

1 Waterproof your bathroom behind the tiles

We recommend using our Tile Backer Boards and Waterproofing Components for a fully waterproof installation on the walls and floors.

2 Create beautiful wetrooms

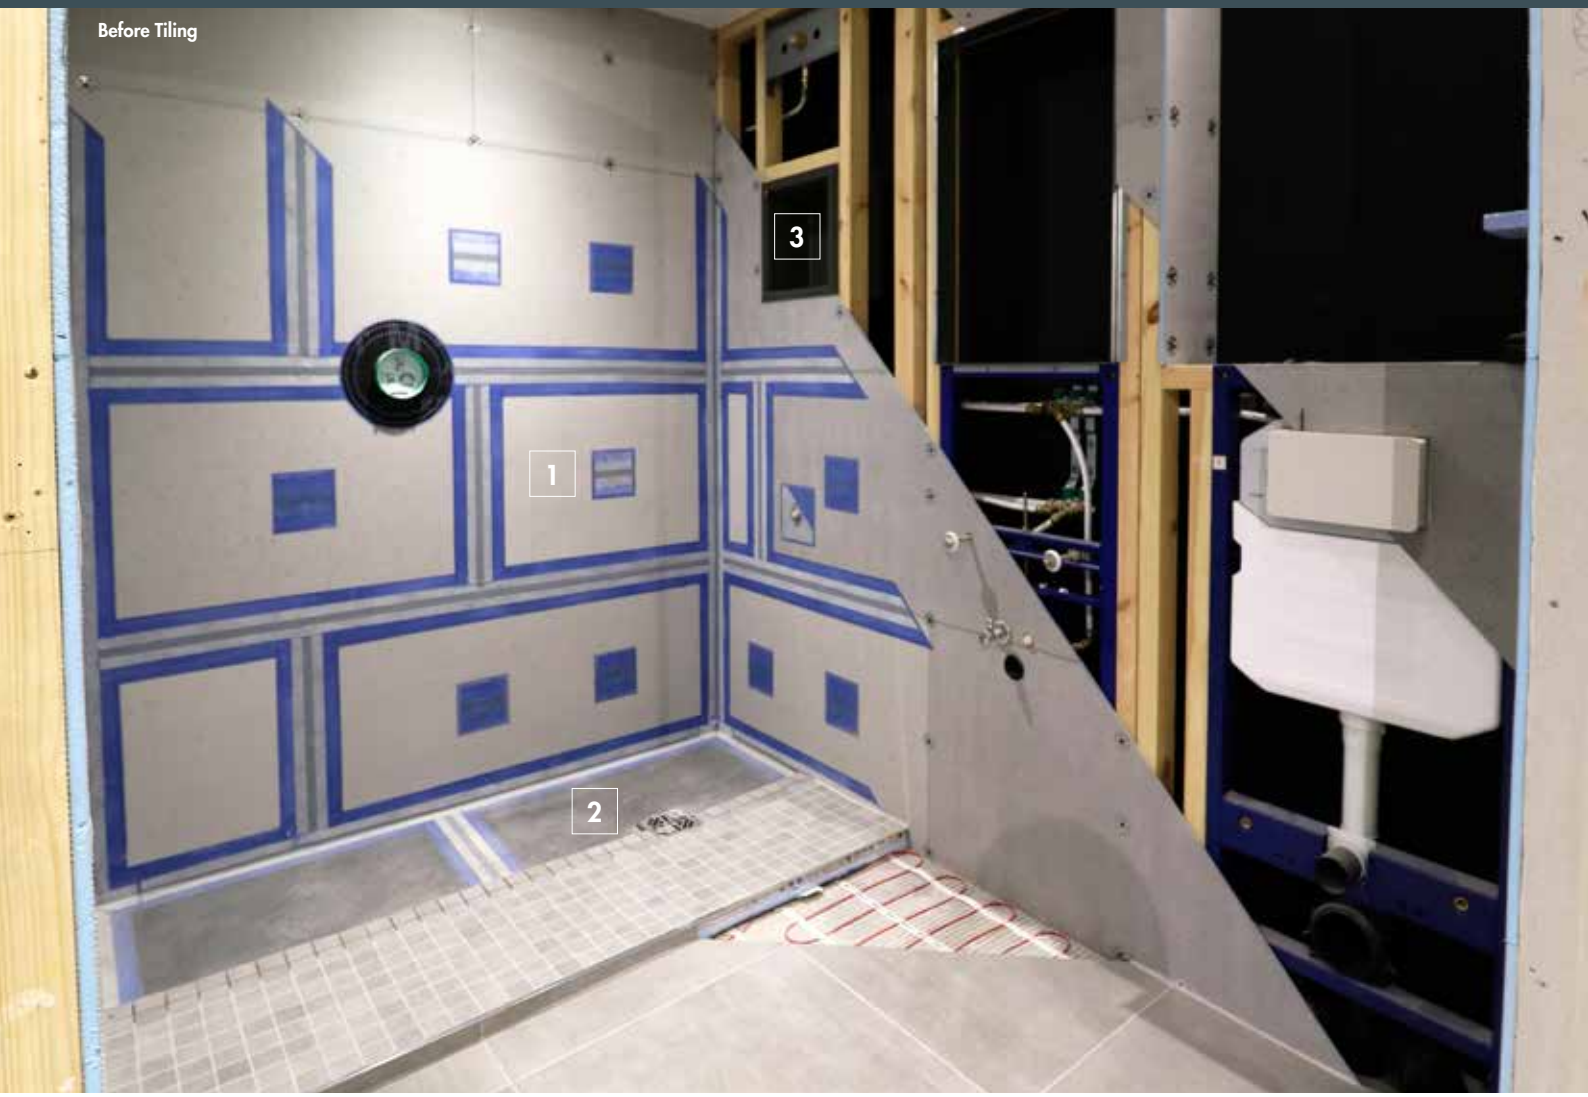

Designed and manufactured in the UK specifically for the UK market, Elements wetroom shower kits are the ultimate way to create the perfect secure wetroom.

Whether your requirement is fully level access or raised wetrooms we can accommodate your needs.

Supplied with full installation kit and high capacity drain.

3 Design waterproof recessed shower storage

Designed for pre-wall installation to make excellent use of space otherwise lost. Manufactured from the same high grade material used to produce our waterproofing building product range, our selection of recessed storage is fully waterproof and ready for installation.

Tile Backer Boards

Ideal product to waterproof and insulate in one operation prior to tiling makes your bathroom last longer, thus making your bathroom an investment. Also reduces mould, making it a much healthier option for any tiling project.

Boards can be ordered singularly.

ELEMENTS Wetrooms Solved

Wetroom Systems

Raised Wetroom Kits

Square Drain

130mm

The Concept 1 + 4 is designed for use where the customer cannot or chooses not to site the drain within the floor. This system is also suitable where longer runs are required for drainage pipework not achievable within the floor, up to 1.5m from the waste to the soil pipe. This typically will be used for apartment buildings or awkward joist locations on timber floors.

Dimensions –
130(h) x 1850(w) x 900(d) mm (PHGWR-KS15-1809)
130(h) x 1850(w) x 750(d) mm (PHGWR-KS15-1807)

PHGWR-KS15-1809	Concept Kit 1	£946.00
PHGWR-KS15-1807	Concept Kit 4	£925.00

50mm

The Concept 3 + 6 kit is designed principally for the replacement of a bath or the creation of a long, low-height shower area. This creates a 50mm raised wet area within the bath or shower room.

Dimensions –
50(h) x 1850(w) x 900(d) mm (PHGWR-KS05-1809)
50(h) x 1850(w) x 750(d) mm (PHGWR-KS05-1807)

PHGWR-KS05-1809	Concept Kit 3	£811.00
PHGWR-KS05-1807	Concept Kit 6	£779.00

Installation + Drainage Kit

All our shower tray kits come complete with a full installation kit.

Installation + Drainage Kit includes:
Pro-SEAL Premix, wood floor primer, square horizontal shower waste, Fix-KST, Fix-MD, waterproof tape, waterproof internal corners, tile guide, paint brush, protective gloves, notched trowel.

Linear Drain 300mm

130mm

The Concept 1L + 4L is designed for use where the customer cannot or chooses not to site the drain within the floor. This system is also suitable where longer runs are required for drainage pipework not achievable within the floor, up to 1.5m from the waste to the soil pipe. This typically will be used for apartment buildings or awkward joist locations on timber floors.

Dimensions –
130(h) x 1850(w) x 900(d) mm (PHGWR-K315-1809)
130(h) x 1850(w) x 750(d) mm (PHGWR-K315-1807)

PHGWR-K315-1809	Concept Kit 1L	£987.00
PHGWR-K315-1807	Concept Kit 4L	£977.00

50mm

The Concept 3L + 6L kit is designed principally for the replacement of a bath or the creation of a long, low-height shower area. This creates a 40/50mm raised wet area within the bath or shower room.

Dimensions –
50(h) x 1850(w) x 900(d) mm (PHGWR-K305-1809)
50(h) x 1850(w) x 750(d) mm (PHGWR-K305-1807)

PHGWR-K305-1809	Concept Kit 3L	£863.00
PHGWR-K305-1807	Concept Kit 6L	£831.00

Installation + Drainage Kit

All our shower tray kits come complete with a full installation kit.

Shower Enclosure + Shower Seat Features

There are many features in our shower enclosure and shower seat range. Use the icons to help choose the right option for you.

Lifetime + Ten Years Guarantees
Instinct 6 and 8 shower enclosures have a Lifetime guarantee. Instinct shower trays all come with a 10 year guarantee.

Glass Thickness
All our shower enclosures feature toughened safety glass. Safety glass is around five times stronger than normal glass.

Reversible
The shower enclosure is reversible for left or right hand applications.

Bracing Bars
Contemporary designed bracing bar supplied for additional support to hold the glass panel in place.

Magnetic Door Strips
Magnetic seals provide a water tight seal on shower enclosure doors. These seals have sufficient magnetic strength that latches are not required.

Easy Install
Shower enclosures designed for a quick and easy installation.

Weight Limit
Shower seats are designed to safely hold a maximum weight limit.

Soft Open Seat
Soft open seats for a smooth, quiet opening action.

Easy Clean Glass / Seats
Designed and manufactured to present easy cleaning ability to ensure your shower enclosure or shower seat lasts for many years.

Wall Panelling Features

There are many features in our wall panelling range. Use the icons to help choose the right option for you.

Guarantees
The Grant Westfield wall panels have a 30 year guarantee. Wetwall wall panels have a Lifetime guarantee and the Fibo wall panels have a 25 year guarantee.

Fully Waterproof
As you would expect, all wall panels are fully waterproof for your peace of mind.

Easy to Clean
Designed and manufactured to present easy cleaning ability to ensure your wall panels last for many years.

Quick to Install
Panels are designed for a quick and easy installation.

Can be installed over Tiles
A secure and cost effective solution for installation.

Grant Westfield Hydrolock®
Almost seamless joint with Hydrolock. See page 331 for details.

Fibo Aqualock
Fibo's unique Aqualock wall system provides a 100% waterproof surface when used in conjunction with an approved seal.

Seamless Finish
Creates a smooth, uniform, seamless finish throughout your bathroom. Panels with postformed edges are available for end panels.

No Trims Required
Wetwall Elite panels are made are made using a unique 100% waterproof core, metal or plastic trims are not required.

Post-Formed
Wetwall Elite panels feature one finished radius edge and one tongue to link to T&G.

T&G
Wetwall T&G panels in 1200 and 600mm widths offer the flexibility for less waste and less cost.

Wall Panelling

About Grant Westfield – The UK's Best Selling Bathroom Wall Panels

Create beautiful spaces with our waterproof bathroom wall panels, the luxurious and modern way to decorate your bathroom. Our beautiful wall panel collections come in a range of sizes and finishes, including marble, stone and wood, offering you a range of design possibilities, allowing you to reinvent your bathroom in a style that is uniquely yours.

Our unique Hydrolock installation system makes it possible to join panels from our Tile, Pure, Linda Barker, Contemporary and Classic Collections together to create an almost seamless expanse of waterproof wall. Precisely engineered, our Hydrolock edge creates a discreet watertight joint, without the need for grout, meaning less time cleaning grout lines and mould. Panels in our collections are also Forest Stewardship Council (FSC C128180) and Made In Britain certified, meaning that they are made in the UK from sustainable materials, helping to protect our forests for the future.

Tiles, its time to move on.

FSC www.fsc.org FSC® C128180 The mark of responsible forestry

MADE IN BRITAIN

100%

Hydrolock®

Multipanel panels are available with Hydrolock® tongue and grooved edge for easy click-into-place installation.

Hydrolock Installation

To ensure our panels can be installed to show off their true potential, we created Hydrolock, a unique solution which makes it possible to join panels from our collections (Naturepanel, Tile, Pure, Linda Barker and Contemporary) together to create an almost seamless expanse of waterproof wall. Precisely engineered, our Hydrolock edge creates a discreet watertight joint, without the need for profiles and can even be installed on uneven walls. Hydrolock panels are available in a range of widths for ease of installation – 2400 x 598 mm, 2400 x 900 mm, 2400 x 1200 mm.

The Hydrolock joint reduces the finished face by 20mm i.e. 2400mm x 1200mm becomes 2400 x 1180mm. Straight edge panels are also available.

Hydrolock® Joint

Scan the QR code and watch a video to learn more about Hydrolock installation and its benefits.

Why Choose Grant Westfield

- Easy to keep clean
- Almost seamless joint with Hydrolock®
- 30 year warranty
- Quick and easy to install
- Fully waterproof
- Can be installed over old tiles

The Tile + Pure Collections

Alpine White, Metro – The Tile Collection + Sage Green, Large – The Tile Collection

The Tile + Pure Collections share an inspired range of marble textures and new colours so you can create exciting and unique combinations for your new look bathroom

The Pure Collection includes on-trend designs and textures for a sleek, elegant look.

Renovate your bathroom with our stylish, neutral earth tones or add a touch of colour to your walls with our pinks and blues. If you're looking to recreate that spa-look instead, check out our mineral décors and bestselling marble effects.

Combine you colour choice with a pattern from our Tile range in either Large, Herringbone or Metro styles.

If you love the appearance of traditional tiles but are tired of living with the maintenance of grout, the Multipanel Tile Collection is what you have been waiting for.

The Tile Collection is the first tile-effect wall panel to be Made in Britain and FSC®-certified. Using the very latest in manufacturing technology, we etch a 2.5mm pale grey grout line into our Tile Collection décors, creating a beautiful tile effect with laser precision. Unlike traditional tiles, these tile effect panels are simple to clean and easy to maintain.

25 Years on Fibo Wall Panels

About Us

Designed and manufactured in Norway - the home of wood technology and contemporary Scandinavian styling – Fibo is the leading supplier of tile-effect wall panels. Starting out quite modestly in 1952 with a small factory, today we operate a multi-million pound award-winning factory producing panels for over 100,000 bathrooms a year.

Tried and tested in Norway for almost 70 years, Fibo was the first to make the 'click' system for walls. The smooth and strong surface can withstand both direct water spray and large temperature fluctuations. Quick to dry, easy to clean, and simple to install. You are guaranteed a result that will last for many years.

Did you know?

Research has revealed that Fibo's leading waterproof wall panel system has a carbon footprint that is 37% lower than tiles. This is in part due to Fibo sourcing their plywood from sustainable PEFC certified sources. So, when you choose Fibo wall panels you can be confident that you're choosing the greener option and reducing your carbon impact. Plus, Fibo wall panel surfaces are all antibacterial so there's no more cleaning mould and worrying about bacteria growing between tiles anymore. Why tile, when you can Fibo?

Designed and made in Norway

Medium Grey, Metro Brick, Urban Tile Effect Collection

Fibo Profiles + Accessories

Profiles

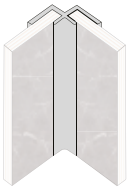

Use Fibo profiles (trims) to complete your perfect installation. All profiles come in 2400mm length and are made from aluminium.

H

Heating
For connection to central heating systems.

E

Electric
Electric only system supply.

DF

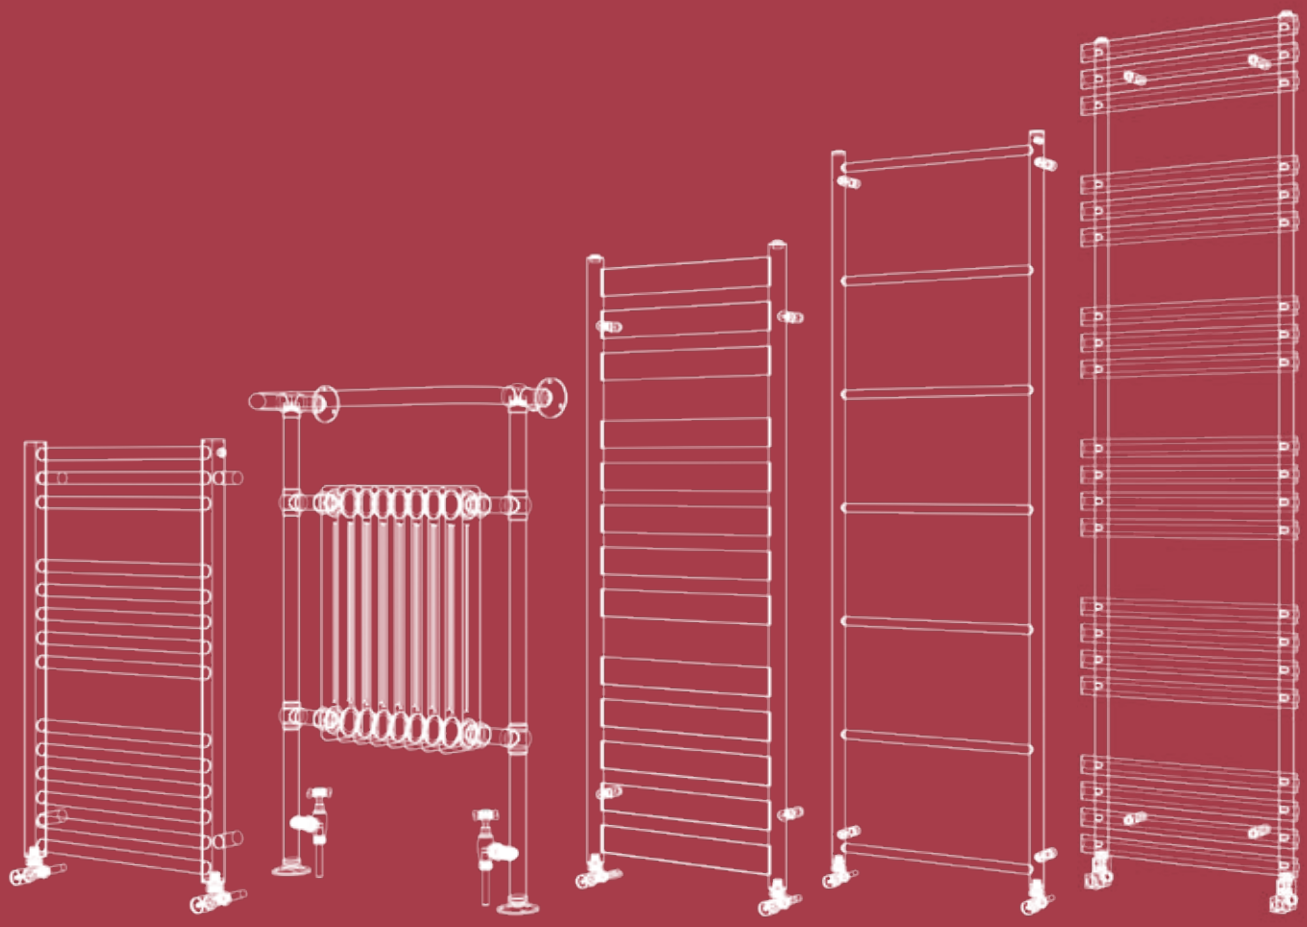

Dual Fuel
Capable of running from either central heating or electric system.

INSTINCT®

Heated Towel Rail Buying Guide.

All you need to know about buying the right heated towel rail for your bathroom, cloakroom or en-suite space.

When choosing your heated towel rail, there are a number of factors to consider. To help you make an informed decision, follow our step-by-step guide opposite.

Heated Towel Rail Buying Guide

Step 1
Heating Source*

Your first step is to decide if your are going to connect your towel rail to your central heating system, existing mains electric or run off both as a dual fuel option.

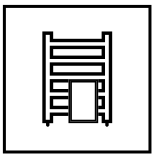

Step 2
Location

Consider your room size – is it for a family bathroom, downstairs cloakroom or smaller en-suite? Location will determine the size and heat output of the towel rail required.

Step 3
Heat Output

BTU (British Thermal Unit) output is one of the biggest considerations when deciding your towel rail. The higher the BTU, the higher the heat output will be. Bigger bathrooms need higher BTU rated rails, smaller en-suites lower.

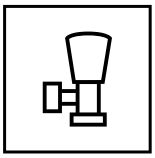

Step 4
Choose a Style

There are many styles of heated towel rails. Select a Contemporary, Traditional or Ladder style to suit your new bathroom or complement your existing space. Choose from floor standing or wall mounted options; where floor space is at a premium.

Step 5
Choose a Finish

Select from a wide variety of colours and finishes. Chrome is a very traditional finish but consider new metallic finishes in Brushed Brass, Gunmetal or colour options in Anthracite, Steel Blue or White Sparkle to name a few. The choice is yours!

Step 6
Choose Accessories

Your final step is to choose a complementary valve or heating element accessory.
So now you know how. Browse through the pages ahead and choose the right option for you.

Step 7
How to Order

All towel rail options are for Hot Water Heating systems only.

If you wish to order a Sealed Electric option please add the supplement code **PHG-EO-SUPP**.
If you wish to order a Dual Fuel option please add the supplement code **PHG-HE-SUPP**.

PHG080-50ZAT

INSTINCT® | PRO

Warmup®
The world's **best-selling** floor heating brand™

Electric Underfloor Heating

A cleaner smarter way to heat your home.

Warmup's underfloor heating uses radiant heat technology, which heats objects in a space directly rather than just warming the air of the room. You can use underfloor heating as your home's primary heat source or install a system in just one room.

To find out more, pick up your Instinct Pro Plumbing + Heating Brochure today.
