Hemsworth II 1750mm Double Ended Slipper Bath INSHE2170SFSBW

FAQs

Q – What Trap is recommended for use with this bathtub?

A – We recommend using an exposed bath trap with this bath tub. The trap will require a 1 1/2" BSP connection to connect with the waste.

Q – Is this bathtub supplied with a waste?

A – No, bathtub click and chain wastes can be purchased separately from the Instinct bathroom collection in a range of finishes.

Q – What colour is the overflow trim?

A – The bathtub is supplied with a pre drilled, neutral overflow hole.

Q – Do I need to purchase a bath tub overflow kit for this bath tub?

A – Yes, an overflow and waste kit can be purchased from the Instinct bathroom collection in a range of finishes.

Q – What filling methods are recommended for this bathtub

A – We recommend using a deckmounted bath filler/bath shower mixer with tap shrouds.

Q – Is this bathtub supplied with feet?

A – No, traditional feet can be purchased separately from the Instinct bathroom collection in a range of finishes.

Q – How heavy is this bathtub?

A – The unfilled weight is 31kg, the filled weight is 226kg. A structural engineer should be consulted to ensure that your floor is strong enough to support the weight of a filled bathtub.

Q – What material is used to make this bathtub?

A – This bathtub is made from a double skin of 3.2mm acrylic, each skin is reinforced by a double layer of insulating fibreglass and resin. The bottom of the bath tub is reinforced using a 6mm thick MDF base board.

Q – Are the feet adjustable?

A – Yes, the feet are adjustable by a range of over 30mm.

Q – What is the overall capacity of the bathtub?

A – 195 Litres.

Q – Are the tap holes pre drilled?

A – Our bath tubs are all supplied with undrilled tap decks.
