

Instinct Pro Omat® 150mm (6") Soldering + Brazing Pad INST2363

Specification

Finish	–
Dimensions	155(h) x 155(w) x 5(d) mm
Weight	0.070kg
Product Material	Glass Fibre Yarn
Adjustment Range	–
Country of Origin	Britain
For Use With	Torch and Gas
Packaging Type	Skinpack

Features

The Instinct Pro INST2363 Micro Omat® is a patented, slotted protection mat or pad for soldering and brazing 15mm and 22mm copper tube and pipe. The size of the mat is 150mm x 150mm (6in x 6in) for use in really awkward places where the larger sizes of Omat® would obstruct easy access of the soldering torch. It is designed to protect walls, cables, carpets and other flammable material surrounding a pipe being soldered/brazed. The slot in the Monument 2363L Micro Omat® has an overlap at the back which enables the protective mat to go either side of the tube or pipe being soldered/brazed so as to protect the surrounding area from burning or scorching, as well as reducing the risk of fire. It is particularly useful under kitchen units and on pipes perpendicular to the wall where the use of a non-slotted mat would provide inadequate cover of the area to prevent damage.
