Instinct Pro UFH Single Room Control Pump Pack (Wilo Pump) IN-2532J+WILO-PUMP

Finish	Chrome Plated
Dimensions	312(h) x 229(w) x 138(d) mm
Weight	2.43kg
Supply Voltage	220~240V,50/60Hz
Insulation Class	Н
Relative Humidity	Max95%
System Load Bearing	1.0 MPa
Maximum Working Pressure	10 Bar
Maximum Temperature Range	90°C
Adjustable Control Temperature Range	35 to 60°C
Thread Connections	BS EN ISO 228-1
Kv Value	2.8m³/h Dp = 1 Bar; Tmix = 45°C
EMC Standard	EN61000-6-1 EN61000-6-3
Sound Pressure Level	Lower than 42dB(A)
Ambient Temperature	0 to 70°C
Temperature Grade	Max. 125°C
Liquid Temperature	2 to 110°C

Wilo Pump Specification

Finish	Composite Body / Grey
Dimensions	139(h) x 93.5(w) x 123(d) mm
Weight	-
Energy Efficiency Index (EEI)	≤ 0.20
Maximum Delivery Head	6.3m
Maximum Volume Flow	2.6m³/h
-	

Features

Compact bolt on unit providing quick and simple installation

Provides mixed temperature water to underfloor heating systems with a heat output up to 3Kw

Easy set up with adjustable temperature range

Controls flow temperatures to $\pm -2^{\circ}$ C even with fluctuating temperature and flow from the boiler

Key Features + Benefits

Certifications + Accreditations
