Keros Rectangular 460mm Countertop Basin INST04006

FAQs

Q – What is the maximum water depth of the basin?

A – Measurement not applicable. Since this basin does not have an overflow channel it should only be used with an open waste.

Q – Can this basin be wall mounted?

A – No.

Q – What ranges can this basin be used on?

A – Please see compatibility matrix below.

Q – What are the taphole/ basin waste sizes?

A – All sizes are to British Standard – (BS EN 31)
 – Diameter of the central tap hole = 35mm : +2/ -1mm
 – Bore of the waste outlet hole = 46mm : +2 / - 3mm

Q – Where should the basin be located on the worktop?

A – We recommend it being centralised on the worktop left to right. Front to back should be set based on desired tap location and waste outlet.
