Rapid Inhibitor Test Strips 504803

How to Use

Step 1

Dip one strip into a sample of system water for 2-3 seconds.

Step 2

After 60 seconds compare and match to the colour of the strip on the chart.

Please note

Store in a cool, dry place (below 32°C) and away from excess heat and direct sunlight. No MSDS required. Keep away from children and pets. Avoid contact of test areas on strips with skin & eyes, do not ingest or expose to acids.
