Enzyme-Based Sink + Drain Unblocker 504629

Features

Dose Rate

Product is supplied ready to use and should be dosed last thing at night. For best results pour 2 litres of warm water into the sink or drain. Open cap by pressing down onto bottle and unscrewing. Add approximately half contents of bottle (500ml). Leave overnight. Following overnight dosing, a further 2 litres of warm water should be poured down the sink or drain.

Health & Safety

Contains alpha-amylase and cellulase. May cause allergic reaction. Avoid breathing vapours. Wash hands thoroughly after handling. Keep out of reach of children. Store in a dry place. Store in closed container. Dispose of container in accordance with national regulations. Safety Data Sheet available upon request.
